

# SP-1310AS-H/CH Sliding Pattern Tacker Machine

SP-1310AS-H/CH

 **Suprena**  
DESIGN FOR JAPAN

[www.suprena-sewing.com](http://www.suprena-sewing.com)

To prevent the material from moving while sewing, the sliding device slides to fix the material designed, which saves steps adopted in traditional sewing. This machine, with a sewing area 130mm×100mm, saves energy and improves efficiency greatly.

This special device is also compatible with SP-2210GB-01.
