

# SP-4530BS Electronic Pattern Sewing Machine

**SP-4530BS**

[www.suprena-sewing.com](http://www.suprena-sewing.com)

**With a wide range of sewing 450mm\*300mm, this machine is more suitable for sewing of shoes.**

**4530BS can sew a pair of shoes upper in one time compared with traditional sewing techniques which sews only single upper.**

**4530H doubles the efficiency of sewing ,which in return improves the productivity and reduces cost.**
