## ▪ Product Description

ZY928 Zoyer 3 needle feed-off-the-arm chain stitch sewing machines

1 . The special cantilevered cylinder-type structure is especially suitable for cylinder-type lap joint sewing likes sleeves and trousers , also suitable for thin and mid-thick materials .

2 . It makes needle thread and bottom thread low-tension after thorough

improvement of the chain stitch mode absolutely . Through adjusting needle mechanism and improving the curved needle and other positioning parts greatly , beautiful stitch is acquired instead of drape .

3 . External tug has many advantages of pulling material smoothly, neat stitch, flexible usability .

It is suitable for Men's Suit,suit-Dress,Shirts,Work Suits,Jeans,Tent,Raincoats,etc.

928: double needle feed-off-arm sewing machine.
